

Carpooling

Approved by University Council, October 2024

Carpooling

The Egyptian Chinese University offers a carpool program to help reduce the number of single-occupancy vehicles on campus. A carpool must have at least two qualified participants. With two qualified participants, the carpool will receive a parking permit at half the regular price. If there are three or more qualified participants, the car pool will be issued a free parking permit. To be a qualified participant, you must satisfy all of the following requirements:

- Applicants must be full-time University faculty, staff, or researchers working at least 20 hours per week, or temporary University employees working full-time.
- To participate in a car pool, you must have a valid driver's license, own a registered vehicle, and live at a different address than the other participants.

To qualify for carpooling, participants must:

- Submit current parking permits.
- Live at least 5 km away from campus.

Once all required information has been submitted to the Security Office, participants will be notified of the carpool's status within seven (7) working days. Only car pools registered with the Security Office are eligible for the incentives.

All car pools must park properly and follow ECU parking policy. To apply, please complete the application below:
