

Disability Support Services Policy

Approved by University Council, October 2024
(To be reviewed no later than November 2029)

Disability Support Services Policy

Scope

This policy applies to all disabled students of the University in need of reasonable accommodations.

Policy Statement

ECU is fully committed to upholding the principle of equality for people with disabilities and others. The goal is to improve the educational, social, cultural, and economic environment for students with disabilities at the university.

The University is committed to setting exams for all stages based on the type of disability, commensurate with its degrees, and the circumstances of each case, as well as providing the necessary facilities regardless for the exam content.

The University is committed to providing reasonable accommodations for students with disabilities.
