Date of Birth: 30/6/1999

Objective

Motivated and academically driven pharmacist with excellent academic achievements and a passion for research and teaching. Seeking a teaching assistant position to contribute to academia and advance in pharmaceutical education and innovation.

Education

Bachelor's Degree of Pharmacy, Cairo University (2018-2023)

GPA: 3.5 (Excellent with High Honors)

Postgraduate Diploma in General Nutrition, Ain Shams University (Ongoing – Started in 2024)

Academic Achievements

- Maintained high GPA throughout pharmacy studies.
- Graduated with High Honors, ranking among the top students in the class.
- Participated in forensic and drug innovation workshops, showcasing advanced problem-solving skills in pharmaceutical sciences.

Work Experience

Teaching Assistant at Egyptian Chinese University, Pharmacology Department (Ongoing)

- Assisting in teaching pharmacology courses and conducting research in drug mechanisms and clinical applications.
- Supporting students with coursework, academic projects, and practical sessions.
- Contributing to curriculum development and assessment strategies.

Community Pharmacist at El Ezaby Pharmacy (08/2023 – 11/2024)

- Dispensed insurance claims to patients.
- Educated patients on over-the-counter product selection and proper usage.
- Implemented a medication therapy management program to optimize drug regimens for better patient outcomes.

Approval Doctor (Medical Claims Reviewer) at Medsure Insurance (12/2024 – 2/2025)

- Reviewed patients' medical files and reports submitted by healthcare providers to ensure compliance with insurance policy terms and conditions.
- Analyzed medical requests and made informed approval or denial decisions based on medical guidelines and company policies.

- Coordinated effectively with doctors and hospitals to clarify medical requests and discuss patient cases to ensure the provision of appropriate care.
- Evaluated proposed treatment plans for alignment with global medical guidelines, recommending alternative solutions when necessary.
- Ensured that all medical claims were processed in strict adherence to company policies and regulatory standards.

Trainings and Extracurricular Activities

- Trainee Pharmacist at Radwan's Pharmacy
- Trainee Pharmacist at Noha's Pharmacy
- Step on the Way Conference (EPSF, January 2018): Marketing Strategies, Public Speaking
- Participant at Analysis & Forensic Pharmacy Workshop (SCOPS, 2019)
- Participant at Drug Innovation Workshop (SCOPS, 2022)

Core Skills

- Designing and delivering academic presentations
- Research methodology and data analysis
- Academic writing and referencing (e.g., APA, MLA)
- Microsoft Office programs: Word, PowerPoint, Excel
- Communication and negotiation skills
- Planning and time management skills
- Leadership and teamwork

Languages

- Arabic: Native
- English: Advanced (Academic and Research Writing)
- German: Intermediate

Interests

Passionate about pharmaceutical education and research innovations. Interested in advancing the knowledge base in pharmacology, clinical pharmacy, and drug development.
