

MONIKA EHAB MAKRAM

monikaehab2@gmail.com, Currently working as Teaching Assistant in Egyptian Chinese university

I'm a pharmacy graduate who is eager to learn and develop, I'm very enthusiastic about self-improving and always being up to date with the most recent science break outs by continuous studying and researching; I am looking forward to start my post grad studies, In addition to that during my college years I used to write down my notes which helped a lot of my colleagues and I enjoyed explaining to them which revealed my passion towards teaching even my doctors praised my ways of presentations and illustrating the topics.
